

Friends of the Lakes

At the 2008 Alton Shores Association Annual Meeting, it was unanimously voted to participate with Place's Point Homeowners Association in a voluntary lake/pond water quality monitoring program run by DES. Donations for this important activity will be placed in a separate account. Please consider a donation of any amount, made out to Alton Shores Association and note on the check "Friends of the Lakes." This donation is greatly appreciated and will go towards keeping both Sunset Lake and Hills Pond as clean and beautiful as they are.
